

WHEELCHAIR BASKETBALL

The most exciting sport on wheels!

*For people with and without a disability
All ages, all abilities welcome*

About Wheelchair Basketball

"You do not have to have a disability to play"

Wheelchair Basketball is open to people of all ages and abilities. You do not have to have a disability to play. Whatever your age or standard you are welcome to come and play!

Wheelchair Basketball is the largest and one of the blue ribbon leading Paralympic Sports, with its roots going back to the late 1940's. Although initially a rehabilitation and recreational activity for spinal cord injured patients, it quickly developed into a competitive sport and today the National Wheelchair Basketball league has teams from most areas. Wheelchair Basketball embraces a wide range of disabilities including paraplegics, spina bifida, amputees, brittle bones, cerebral palsy and a whole mix of sports injuries. Able bodied players are eligible to play in divisions 1, 2, 3 and 4, junior league and women's league. Virtually everyone who can conceivably play wheelchair basketball is encouraged to do so.

Cheshire Phoenix Wheelchair Basketball Club

is a new Club this season formed in partnership with Cheshire Phoenix Community Interest Club. Led by a dedicated team of volunteers and coaches including GB Paralympian Anna Jackson, the Phoenix will be running sessions in a number of local schools and sports centres.

Check out our website - www.cheshirephoenixwbc.co.uk for more information on sessions.

"Whatever your age or standard, we have a team for you!"
